

# YOU'VE BEEN SELECTED TO ATTEND THE EXCLUSIVE FIREPROOFING SEMINAR FOR INDUSTRY LEADERS.

FEBRUARY 13, 2020

**Hotel ZaZa Memorial City**  
9787 Katy Freeway  
Houston, Texas 77024

Join your colleagues at the [PFPNet](#) Fireproofing Seminar to discuss current fireproofing practices, specifications, and standards for Owners, Engineers, Contractors, and Manufacturers in the Hydrocarbon and Downstream sectors. PFPNet is coordinating with the [Process Industry Practices \(PIP\)](#) organization to develop guidance and specifications for fireproofing and Passive Fire Protection (PFP) that meet industry needs. [Register now](#) at **no cost to you** to participate as a leader in shaping the future of fireproofing.

Workshops will provide a forum for attendees to address what is needed to aid the industry on all matters associated with hydrocarbon/industrial PFP, including:

- Specialized workshops for Owners, Engineers, Contractors, and Manufacturers
- Update on current PFPNet guidance documents and training courses
- Technical session on cryogenic spill protection and blast resistance of fireproofing
- Integrity management of old fireproofing systems

## AGENDA

**8:30am**
